Date: 12. 09.2017

MULTIPLE CHOICE QUESTION PAPER

Time: 9.00 a.m – 9.30 a.m.

Index no

INSTRUCTIONS

- Answer all questions.
- This M.C.Q. paper consists of 15 questions.
- Each question has 5 responses, namely a, b, c, d & e.
- You are required to select the most appropriate response out of the 5 as your answer to each question.
- You are required to mark your answer in the **Answer Script** provided to you.

In front of each question number there are 5 boxes marked a, b, c, d & e.

Draw a (✓) in the appropriate box which matches the answer chosen by you.

- An example is given below.

INSTRUCTIONS

Example

1. Question No 1. Which one of the following is a mammal
- (a) Worm
 - (b) Crow
 - (c) Crocodile
 - (d) Man
 - (e) Ant

The correct answer is Man; corresponding letter is (d)

Now, draw a (✓) in box (d) in the answer script as shown below.

Answer Script

Question No.	a	b	c	d	e
1.				✓	

If you want to change your answer draw a transverse line across the box in which you have drawn the ✓ as shown below, and mark your new answer by drawing a new ✓ in the appropriate box.

a	b	c	d	e
			✓	

- One mark will be awarded (+1) for each **correct answer**.
- A zero (0) mark will be awarded if the question is left **unanswered**.
- Question paper should attach to the answer script.
