(02 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

2.

a. Briefly describe the contents of the cubital fossa and two clinical uses of the structures in the cubital fossa

(03 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

b. Name the rotator cuff muscles and their nerves supply

(03 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

.....  
.....  
.....

c. Briefly describe the wrist drop (02 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

3.  
a. Name the cranial nerves and their locations in the parts of the brain (03 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

b. briefly describe the oculomotor paralysis and clinical importance (03 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

.....  
.....  
.....  
.....  
.....  
.....

c. Name the muscles of mastication and innervations (02 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

5.  
a. Name the muscles in the anterior abdominal wall and their blood supply (03 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

b. Write the location of McBurney's point and its significance (02 Marks)

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....
